Ph NEUTRALIZER

GENERAL INFORMATION

This rinse solution will instantly neutralize any alkaline film: it will greatly reduce labor time in rinsing while conditioning the floor to be sealed properly.

May also be used to neutralize ice melt compounds on floor surfaces.

DIRECTIONS

Use 2 to 4 ounces per gallon of water in your final rinse. Mop on floor then vacuum up or mop up. Allow to dry completely before applying floor finish materials.

SPECIFICATIONS

Type.	Acid
Color.	Translucent
Physical State.	Liquid
Odor.	No Odor
Specific Gravity.	1.07
Solubility (in water).	Complete
Flammability (Flash Point).	None
pH.	1
