

September 30, 2009

I truly appreciate the opportunity to have worked with WEPAK CORPORATION for the past twenty-five years, regarding our private label and packaging needs. The consistency and speed in which they handle and process orders has made my business run better and grow. The true test of any product is reorders, and our customers have been using the products packaged by WEPAK since we first began, and the orders keep coming. WEPAK has been a big part of our success as a company and we value them as a business partner.

Sincerely,

Jeff Jones

*General Manager*
